## A Sign of Prosperity.

The half page advertisement of G. W. Lockington, the furniture dealer, appearing in this issue is no sign of "hard times." When prices are the lowest, then is the time to buy, is the secret of Mr. Lockington's success. Being satisfied with small profits and quick sales, he gives the customer the benefit of San Francisco prices. He carries the largest stock and variety of high class furniture and house furnishings on the Islands. For assortment, style and prices, the Hilo Furniture Store excels. ## A Rose German.

The home of Mr. and Mrs. Henry Hayes on Waiannene street presented an animated scene of color and beauty on last night, when about twenty couples traced the pretty figures of the German, given in honor of Miss Genevieve Venable, a cousin of the hostess. The parlors had been cleared and were tastefully decorated with ferns and evergreens, clusters of fragrant roses being conspicuous in the decorations. Settees and chairs were arranged along the verandas for the dancers, and the figures of the German were led by Miss Venable and Mr. Thos. C. Ridgway, with grace and dexterity. There was a profusion of beautiful and artistic favors of roses, butterflies, buttonholes, bouquets, etc., which lent color and variety to the dance. Mrs. S. C. Ridgway, Mrs. John Holland, Mrs. M. Rice and Mrs. W. T. Balding presided at the favor tables. Cooling refreshments of rose cake and sherbet were served during the evening and the dancing continued until long after the midnight hour. Miss Venable, who has been a teacher in the public schools of the Islands for the past eighteen months, leaves shortly for her home in Virginia. She has been a general favorite in social circles here and her presence will be greatly missed after her departure.

## The High School Site.

Superintendent Davis of the Department of Education appointed Representative Jas. D. Lewis, Normal Inspector C. E. King and School Agent L. Severance as a committee to determine on a site for the new Hilo High School, for which \$3,000 was appropriated at the last legislature. After considering the various sites suggested, the committee practically determined on the lot on which now stands the Riverside School. The present lot is not quite large enough to accommodate both the Riverside and the High Schools, which latter will be a nine-room building, and if a portion of the hospital grounds can be secured, the main portion of the Riverside lot will be used for High School purposes. Overtures have been made by the Masonic Hall Association to exchange their large building lot above the Mason residence for the government property where the Masonic Hall is now located. It is understood, the proximity of the Masonic lot to the Union and Riverside schools, makes it very desirable for school purposes, but no definite decision has been reached on the subject. Normal Inspector King returned to Honolulu Friday and will make a full report to the Department.

## Federal Officials Visit Hilo.

Hon. F. P. Sargent, Commissioner-General of Immigration, J. N. Lott, Solicitor for the Treasury Department, Collector of Customs E. R. Stackable, of Honolulu, Immigrant Inspector F. M. Bechtel and P. While in Hilo the party were the guests of J. A. Scott and C. C. Kennedy, the latter accompanying the officials to the Volcano.

The purpose of Commissioner Sargent's visit to Hawaii primarily is to look into the labor situation of the Islands, and if possible to recommend to Congress some solution of the labor problem which confronts the Territory.

The party left here for Maui, where they will be the guests of Hon. H. P. Baldwin.

## An Attractive Store.

The attractive show windows of J. D. Kennedy, the Jeweler, are always an object of attention and admiration by passers-by. Here are displayed only a small portion of the infinite variety of pretty things that can be found in this well ordered and up-to-date jewelry establishment. Jewels, rings, brooches, stick pins, bracelets, watches, chains, fobs, enamel buckles, gold and silver hair ornaments suitable for birthday or holiday gifts, are arrayed in attractive cases. Leather goods, solid silver and plated ware, cut glass, art ware, clocks and vases make desirable wedding presents that are appreciated. In fact it is Mr. Kennedy's aim to keep on hand goods to satisfy the most fastidious tastes. ## KINDERGARTEN SUCCESS.

## A Review of Year's Work in the Hilo Institution.

Another successful year of the Hilo Free Kindergarten has just closed with a present enrollment of fifty-seven, and yearly average of fifty. During the year, eighty-six children have been registered. The topics of thought for the children are cleanliness, politeness, and helpfulness.

The number of visitors other than those of the closing exercises was twenty-seven. Special excursions have been made to the coffee mill, park and beach. There have been two "parties" which were greatly enjoyed by the children. Six birthdays have been observed.

There have been three teachers, Miss Sumner, principal, Miss Mealoa Ulii, first assistant, and Miss Ruth Guard, second assistant.

In April, Miss Mealoa Ulii resigned, as she was about to be married, and Miss Florence Scott kindly substituted to the end of the term.

On account of Miss Mealoa Ulii's faithful services to the kindergarten for five years, her resignation was accepted with much regret. It is also with deep regret that we report the resignation of our efficient principal, Miss Sumner, whom duty calls to California. We can not speak too highly of the moral influence of Miss Sumner and of her unselfish devotion to her work.

Notwithstanding the dull times, the public has not failed us, and have succeeded in meeting the obligations of the year, for which the committee feels very grateful, as the outlook at one time was rather discouraging.

Respectfully submitted, FRANCIS M. WETMORE, Sec. of Hilo Free Kindergarten Com.

The members of the Kindergarten Committee for the ensuing year are Mrs. J. A. Scot chairman, Dr. Francis Wetmore, secretary, Mrs. W. S. Terry treasurer, Miss J. Deyo Mrs. Chas. Furneaux.
